CERTIFICATION OF TAXABLE VALUE INSTRUCTIONS

"Principal Authority" is a county, municipality, or independent special district (including water management districts).

"Taxing Authority" is the entity levying the millage. This includes the principal authority, any special district dependent to the principal authority, any county municipal service taxing unit (MSTU), and water management district basins.

Each taxing authority must submit to their property appraiser a DR-420 and the following forms, as applicable:

- · DR-420TIF, Tax Increment Adjustment Worksheet
- · DR-420DEBT, Certification of Voted Debt Millage
- · DR-420MM-P, Maximum Millage Levy Calculation Preliminary Disclosure

Section I: Property Appraiser

Use this DR-420 form for all taxing authorities except school districts. Complete Section I, Lines 1 through 9, for each county, municipality, independent special district, dependent special district, MSTU, and multicounty taxing authority. Enter only taxable values that apply to the taxing authority indicated. Use a separate form for the principal authority and each dependent district, MSTU and water management district basin.

Line 8

Complete a DR-420TIF for each taxing authority making payments to a redevelopment trust fund under Section 163.387 (2)(a), Florida Statutes or by an ordinance, resolution or agreement to fund a project or to finance essential infrastructure.

Check "Yes" if the taxing authority makes payments to a redevelopment trust fund. Enter the number of DR-420TIF forms attached for the taxing authority on Line 8. Enter 0 if none.

Line 9

Complete a DR-420DEBT for each taxing authority levying either a voted debt service millage (s.12, Article VII, State Constitution) or a levy voted for two years or less (s. 9(b), Article VII, State Constitution).

Check "Yes" if the taxing authority levies either a voted debt service millage or a levy voted for 2 years or less (s. 9(b), Article VII, State Constitution). These levies do not include levies approved by a voter referendum not required by the State Constitution. Complete and attach DR-420DEBT. Do not complete a separate DR-420 for these levies.

Send a copy to each taxing authority and keep a copy. When the taxing authority returns the DR-420 and the accompanying forms, immediately send the original to:

Florida Department of Revenue Property Tax Oversight - TRIM Section P. O. Box 3000 Tallahassee, Florida 32315-3000

Section II: Taxing Authority

Complete Section II. Keep one copy, return the original and one copy to your property appraiser with the applicable DR-420TIF, DR-420DEBT, and DR-420MM-P within 35 days of certification. Send one copy to the tax collector. "Dependent special district" (ss. 200.001(8)(d) and 189.403(2), F.S.) means a special district that meets at least one of the following criteria:

- The membership of its governing body is identical to that of the governing body of a single county or a single municipality.
- All members of its governing body are appointed by the governing body of a single county or a single municipality.
- During their unexpired terms, members of the special district's governing body are subject to removal at will by the governing body of a single county or a single municipality.
- The district has a budget that requires approval through an affirmative vote or can be vetoed by the governing body of a single county or a single municipality.

"Independent special district" (ss. 200.001(8)(e) and 189.403 (3), F.S.) means a special district that is not a dependent special district as defined above. A district that includes more than one county is an independent special district unless the district lies wholly within the boundaries of a single municipality.

"Non-voted millage" is any millage not defined as a "voted millage" in s. 200.001(8)(f), F.S.

Lines 12 and 14

Adjust the calculation of the rolled-back rate for tax increment values and payment amounts. See the instructions for DR-420TIF. On Lines 12 and 14, carry forward values from the DR-420TIF forms.

Line 24

Include only those levies derived from millage rates.

Property appraisers must complete and sign Section I of this worksheet and provide it with form DR-420, *Certification of Taxable Value*, to all taxing authorities who make payments to a redevelopment trust fund under:

- s. 163.387(2)(a), Florida Statutes, or
- An ordinance, resolution, or agreement to fund a project or to finance essential infrastructure.

"Tax increment value" is the cumulative increase in taxable value from the base year to the current year within the defined geographic area. It is used to determine the payment to a redevelopment trust fund under:

- s. 163.387(1), F.S. or
- An ordinance, resolution, or agreement to fund a project or finance essential infrastructure. In this case, the taxing authority must certify the boundaries and beginning date to the property appraiser.

"Dedicated increment value" is the portion of the tax increment value used to determine the payment to the redevelopment trust fund. (See s. 200.001(8)(h), F.S.) Calculate the dedicated increment value on this form and enter on either Line 6b or Line 7e.

"Specific proportion," used to determine whether to complete Line 6 or Line 7, refers to the calculation of the tax increment payment. Examples:

• Example 1.

Section.163.387(1), F.S., states the payment made by the taxing authority should equal 95% of the millage levied times the tax increment value. The specific proportion in this case is 95%. The ordinance providing for the payment may set a percentage lower than 95%. In these cases, the lower percentage would be the specific proportion.

• Example 2.

Some required tax increment payments are not directly related to the tax increment value. A constant dollar payment is a payment not based on a specific proportion of the tax increment value. Line 7 converts these payments into a proportion based on the prior year's payment and tax increment value to reach the current year's dedicated increment value.

Section I: Property Appraiser

A. Complete Section I of this form for each county, municipality, independent special district, dependent special district, and MSTU that:

- Has a tax increment value and
- Is not exempted from making payments to a community redevelopment trust fund based on tax increments (s. 163.387(2)(c), F.S.).

If a taxing authority has more than one tax increment value, they must complete a separate form for each tax increment value. Send a copy to each taxing authority with the DR-420 and keep a copy. When the taxing authority returns the completed forms, immediately send the original to:

Florida Department of Revenue Property Tax Oversight Program - TRIM Section P. O. Box 3000 Tallahassee, Florida 32315-3000

B. Enter only tax increment values that apply to the value located within the taxing authority indicated.

Section II: Taxing Authority

Complete Section II of the form, keep one copy, and return the original and one copy to your property appraiser with DR-420 within 35 days of certification. Send one copy to your tax collector.

Additional Instructions for Lines 6 and 7

Complete Line 6 if the payment into the redevelopment trust fund is a specific proportion of the tax increment value.

Property appraisers must complete and sign Section I of this worksheet and provide it with form DR-420, *Certification of Taxable Value*, to all taxing authorities who make payments to a redevelopment trust fund under:

- s. 163.387(2)(a), Florida Statutes, or
- An ordinance, resolution, or agreement to fund a project or to finance essential infrastructure.

"Tax increment value" is the cumulative increase in taxable value from the base year to the current year within the defined geographic area. It is used to determine the payment to a redevelopment trust fund under:

- s. 163.387(1), F.S. or
- An ordinance, resolution, or agreement to fund a project or finance essential infrastructure. In this case, the taxing authority must certify the boundaries and beginning date to the property appraiser.

"Dedicated increment value" is the portion of the tax increment value used to determine the payment to the redevelopment trust fund. (See s. 200.001(8)(h), F.S.) Calculate the dedicated increment value on this form and enter on either Line 6b or Line 7e.

"Specific proportion," used to determine whether to complete Line 6 or Line 7, refers to the calculation of the tax increment payment. Examples:

• Example 1.

Section.163.387(1), F.S., states the payment made by the taxing authority should equal 95% of the millage levied times the tax increment value. The specific proportion in this case is 95%. The ordinance providing for the payment may set a percentage lower than 95%. In these cases, the lower percentage would be the specific proportion.

• Example 2.

Some required tax increment payments are not directly related to the tax increment value. A constant dollar payment is a payment not based on a specific proportion of the tax increment value. Line 7 converts these payments into a proportion based on the prior year's payment and tax increment value to reach the current year's dedicated increment value.

Section I: Property Appraiser

A. Complete Section I of this form for each county, municipality, independent special district, dependent special district, and MSTU that:

- Has a tax increment value and
- Is not exempted from making payments to a community redevelopment trust fund based on tax increments (s. 163.387(2)(c), F.S.).

If a taxing authority has more than one tax increment value, they must complete a separate form for each tax increment value. Send a copy to each taxing authority with the DR-420 and keep a copy. When the taxing authority returns the completed forms, immediately send the original to:

Florida Department of Revenue Property Tax Oversight Program - TRIM Section P. O. Box 3000 Tallahassee, Florida 32315-3000

B. Enter only tax increment values that apply to the value located within the taxing authority indicated.

Section II: Taxing Authority

Complete Section II of the form, keep one copy, and return the original and one copy to your property appraiser with DR-420 within 35 days of certification. Send one copy to your tax collector.

Additional Instructions for Lines 6 and 7

Complete Line 6 if the payment into the redevelopment trust fund is a specific proportion of the tax increment value.

- s. 163.387(1), F.S. or
- An ordinance, resolution, or agreement to fund a project or finance essential infrastructure. In this case, the taxing authority must certify the boundaries and beginning date to the property appraiser.

"Dedicated increment value" is the portion of the tax increment value used to determine the payment to the redevelopment trust fund. (See s. 200.001(8)(h), F.S.) Calculate the dedicated increment value on this form and enter on either Line 6b or Line 7e.

"Specific proportion," used to determine whether to complete Line 6 or Line 7, refers to the calculation of the tax increment payment. Examples:

• Example 1.

Section.163.387(1), F.S., states the payment made by the taxing authority should equal 95% of the millage levied times the tax increment value. The specific proportion in this case is 95%. The ordinance providing for the payment may set a percentage lower than 95%. In these cases, the lower percentage would be the specific proportion.

• Example 2.

Some required tax increment payments are not directly related to the tax increment value. A constant dollar payment is a payment not based on a specific proportion of the tax increment value. Line 7 converts these payments into a proportion based on the prior year's payment and tax increment value to reach the current year's dedicated increment value.

Section I: Property Appraiser

A. Complete Section I of this form for each county, municipality, independent special district, dependent special district, and MSTU that:

- Has a tax increment value and
- Is not exempted from making payments to a community redevelopment trust fund based on tax increments (s. 163.387(2)(c), F.S.).

If a taxing authority has more than one tax increment value, they must complete a separate form for each tax increment value. Send a copy to each taxing authority with the DR-420 and keep a copy. When the taxing authority returns the completed forms, immediately send the original to:

Florida Department of Revenue Property Tax Oversight Program - TRIM Section P. O. Box 3000 Tallahassee, Florida 32315-3000

B. Enter only tax increment values that apply to the value located within the taxing authority indicated.

Section II: Taxing Authority

Complete Section II of the form, keep one copy, and return the original and one copy to your property appraiser with DR-420 within 35 days of certification. Send one copy to your tax collector.

Additional Instructions for Lines 6 and 7

Complete Line 6 if the payment into the redevelopment trust fund is a specific proportion of the tax increment value.
